

CHATEAU RECOUGNE

Vieilles Vignes - Terra Recognita
AOC Bordeaux Supérieur

Near the Fronsac hill overlooking the Dordogne, the 100 hectares of the vineyard stretch on soft sandy clay slopes with a basement of filth of iron. Composed mainly of Merlot, the vineyard also includes Cabernet Sauvignon, Cabernet Franc and Carménère.

Since 1938, 4 generations of the family Xavier Milhade have succeeded one another to cultivate the vine and to develop the wines of Château Recogne.

Each one has been able to bring its stone to the building by modeling the vineyard, maintaining it, experimenting it, while respecting the terroir and its environment.
